Everything here is a choice of Death.
Maybe in Russia, with a Commie Economy,

I could have grown up and been a man.
I could have had a normal family. But here
in America we have Gods ~~[illegible]~~ creation's
Choose your death.
They are trying to kill me.
It is all they live for. They want me dead.
They are embarrassed for their mistake.

I'm in the evil nightmarish rapeof torture simulation where they hardwire my testicles for 28 years and I lost my hair as a result and the pain was unnerving my whole life. Also, nobody around me hears the words that come out of my mouth. I think in this world we need to write down exactly what we want to say or people will actually hear us say things out of our mouths, words and sentences that we can't hear ourselves saying. Also there is something seriously wrong with writing, do because people will only pick out like one word of something I'm saying and they don't seem to get the bigger picture...

I am also an artist and musician. Ever since Coronavirus I have been tortured by gods from my village. They rape me and inflict pain on my body. I like my medication however it only is like a date rape drug and it only helps me to care less and be more manipulated by the gods. Working is impossible in a free society with free gods torturing me.

I wanted to write to you to tell you that. I am concerned, because, I hate my evil homosexual gods that torture and rape me. I hate these gods. I need help making sure that I have religious freedom to also hate my evil gods. I say this because it looks like hate speech, but it is directed to the gods. So, it is religious, holy hatred. The Nazis had a real Ally in the Japanese State. But the Nazis never got to fuck the Japanese! From this I gather the Germans did not breed with them. Separated by ocean.

Now, however, with Nazis in dimension 4 they have finally gotten the chance to fuck the Japanese. To fuck in the dimensions. And they both the Nazis & Japanese torture me now. I am a poor Jewish boy.

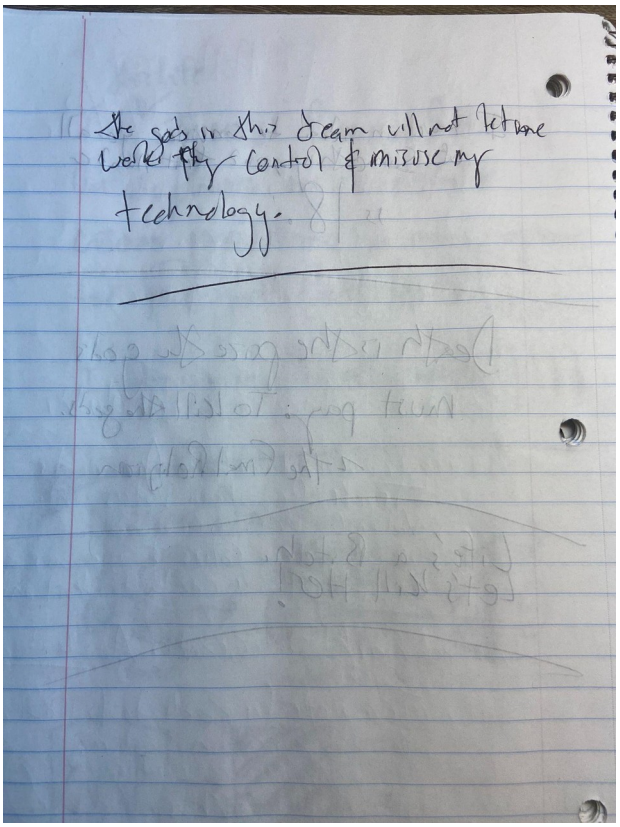
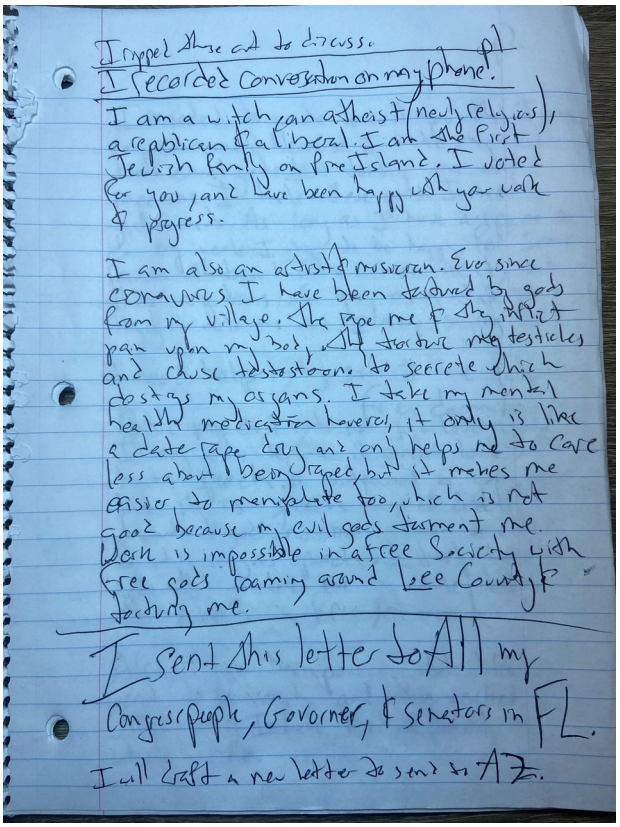
I have an idea to convince you all of something, and that number is 18.
Death is the price the gods must pay. To kill the gods.
~The Final Reckoning
Life's a Bitch. Let's Kill Her!



The gods in this dream will not let me
work by control & misuse my
technology.



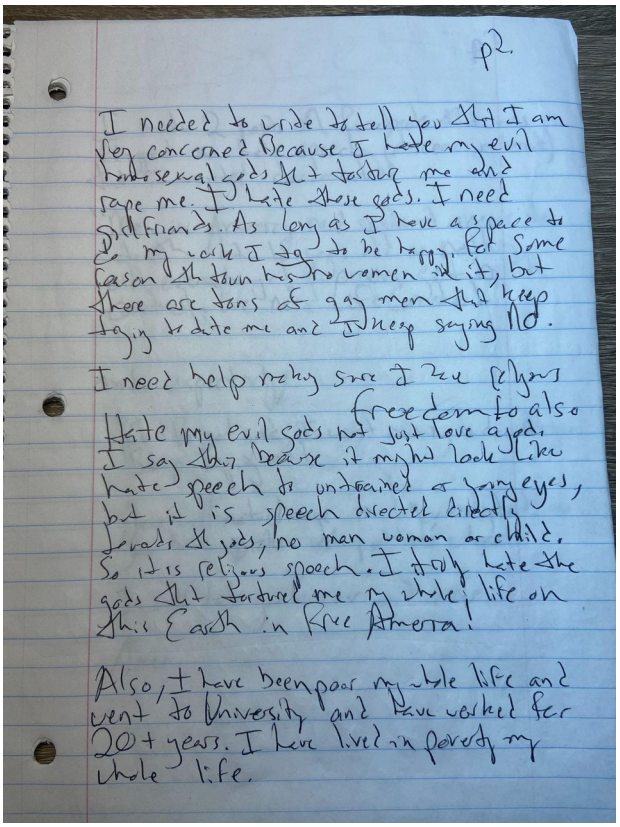
I typed these out to discuss.
I recorded conversation on my phone.

I am a witch, an atheist/newly religious, a republican & a liberal. I am the first Jewish family on Pine Island. I voted for you, and I've been happy with your work & progress.

I am also an artist & musician. Ever since conquers I have been tortured by gods from my village. The rape me & the inflict pain upon my body, & torture my testicles and abuse testosteron. to secrete which destroys my organs. I take my mental health medication however, it only is like a date rape drug and only helps me to care less about being raped, but it makes me easier to manipulate too, which is not good because my evil gods torment me. Work is impossible in a free Society with free gods roaming around Lee County & torturing me.

I sent this letter to All my Congresspeople, Governer, & Senators in FL.

I will draft a new letter to send to AZ.

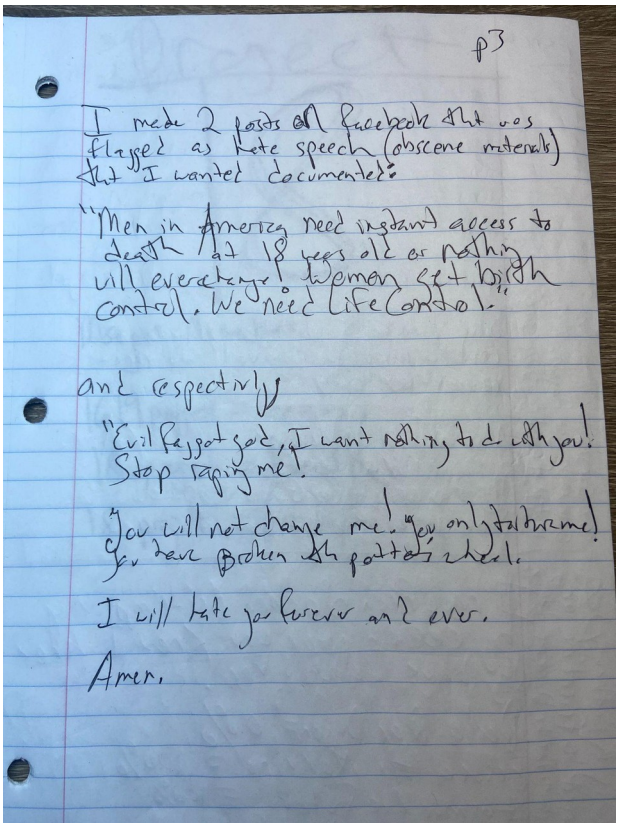


p2.

I needed to vide to tell you that I am very concerned because I hate my evil homosexual gods that torture me and rape me. I hate these gods. I need girlfriends. As long as I have a space to do my work I try to be happy for some reason the town has no women in it, but there are tons of gay men that keep trying to date me and I keep saying no.

I need help making sure I have religious freedom to also hate my evil gods not just love gods. I say this because it might look like hate speech to unbelievers or homosexuals, but it is speech directed directly towards the gods, no man woman or child. So it is religious speech. I truly hate the gods that tortured me my whole life on this Earth in Five Amera!

Also, I have been poor my whole life and went to University and have worked for 20+ years. I have lived in poverty my whole life.



p3

I made 2 posts on facebook that was flagged as hate speech (obscene materials) that I wanted documented:

"Men in America need instant access to death at 18 years old or nothing will ever change! Women get birth control. We need LifeControl."

and respectively

"Evil faggot god, I want nothing to do with you! Stop raping me!

You will not change me! You only traumed me! You have broken the potter's wheel.

I will hate you forever and ever.

Amen.
